Locations and Hours

It's no secret that healthy employees are more productive employees.

And, it's no secret that healthcare costs directly affect your organization's profitability. To help keep your employees happy, healthy and productive and to help reduce your organization's healthcare costs, St. Francis Occupational Health Centers in Indianapolis and Plainfield have created the WorkingWell program. WorkingWell provides a full range of occupational health and wellness services. Our professionals provide high-quality medical care with a primary goal to optimize the health and productivity of every employee within your organization. In any type of business or industry, we will work closely to ensure that your employees are WorkingWell.

After-Hours Care

The St. Francis Emergency Departments at the Beech Grove, Indianapolis and Mooresville campuses are available 24 hours a day to care for your employees' work-related injuries. Treatment information is forwarded to St. Francis Occupational Health, and employees return to either the Indianapolis or Plainfield Occupational Health Center for follow-up treatment.

St. Francis Occupational Health Centers offer a variety of packages to fit your needs. For more information, visit StFrancisHospitals.org, or call (317) 783-8009.
